Nouman Aslam

MERN Stack Developer | AI Automation

Faisalabad, Pakistan | 0340-1504112 | mrnoumannomi7@gmail.com

nouman-aslam.vercel.app | linkedin.com/in/nouman-aslam-a9a3a2333 | github.com/CodeWithNouman99

SUMMARY

MERN Stack Developer who also automates the work around the app. I build React and Node.js applications and n8n AI workflows (agents, RAG pipelines, WhatsApp bots) that replace repetitive manual tasks.

SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3
Backend: Node.js, Express.js, REST APIs, MongoDB, Supabase (PostgreSQL), SQL
AI & Automation: n8n, Google Gemini, RAG, Vector DBs (Pinecone, pgvector), AI Agents
Tools: Git, GitHub, Vercel, Postman, Clerk

PROJECTS

AI Job Hunter | *n8n, Gemini, Supabase (pgvector), WhatsApp API* GitHub

- Automated the full job search: 6 workflows collect jobs daily from 3 job APIs, rank each one against my CV with RAG (0–100 score) and draft cover letters for strong matches.
- Runs entirely from WhatsApp through an AI agent with tools for top jobs, cover letters and application tracking.

TeamMatch AI | *MERN, n8n, Multi-agent AI* GitHub

- Multi-agent system that turns a client request (skills, duration, budget) into two staffing options, Best Match and Lowest Cost, in a single run.
- Made AI output reliable with structured parsing and prevented double-booking with tentative reservations.

DevBuddy | *React.js, n8n, Gemini, WhatsApp API* Live

- AI onboarding system for software houses: HR adds a new developer on a React portal, and an AI buddy on WhatsApp answers questions from company docs.
- Three n8n workflows handle onboarding, daily task delivery and a weekly progress report for managers.

Doctor Appointment Booking System | *MongoDB, Express.js, React.js, Node.js* *In progress*

- MERN web app where patients find doctors by speciality and book slots, while doctors and admins manage schedules.
- Patient-facing pages built with React and Tailwind CSS; Express and MongoDB backend with patient, doctor and admin roles in progress.

EDUCATION

BS Software Engineering | *University of Agriculture Faisalabad* 2023 – Present
CGPA: 3.51 / 4.00

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle University Aug 2025
- Career Essentials in Software Development – Microsoft & LinkedIn Learning Mar 2025
