Nouman Aslam.

MERN Stack Developer & AI Automation Builder

SUMMARY

Software Engineering student who builds full-stack MERN apps and the AI automations that run behind them. I start from the problem, ship a working version fast, then improve it. Open to internships and junior roles.

SKILLS

Frontend	React.js, JavaScript (ES6+), Tailwind CSS, Context API, React Router
Backend	Node.js, Express.js, MongoDB, REST APIs
AI & Automation	n8n, Gemini, RAG, vector databases (Pinecone), multi-agent workflows
Tools	Git, GitHub, Vercel, Postman, Oracle SQL

PROJECTS

TeamMatch AI
MERN · n8n · RAG

- Multi-agent system that matches a software house's developers to client requests.
- AI steps in n8n read the request, check who is free, score candidates and build two teams: Best Match and Lowest Cost. Built solo.

DevBuddy
n8n · WhatsApp · Vercel

- AI onboarding buddy for new developers: HR adds the developer on a portal, and an AI buddy on WhatsApp answers from company docs and sends daily tasks.
- HR portal and manager dashboard live on Vercel, tested end to end.

WhatsApp Doctor Appointment Bot
n8n · Google Sheets

- AI agent that books, reschedules and cancels clinic appointments in chat; reminders and Stripe payment confirmations go out automatically.

Hospital RAG Agent
n8n · Pinecone

- New PDFs in Google Drive are embedded into Pinecone, and an AI agent answers patient questions from the hospital's own documents.

Client Onboarding Automation
n8n · Drive · Slack · Gmail · Calendar

- One intake form sets up the whole client workspace (folders, Slack channel, emails, kickoff meeting), routed by Web, Mobile or Automation project type.

Doctor Appointment Booking System
MERN · **In progress**

- Patients browse doctors by speciality and book slots; doctors and admins manage schedules.

HireHub · Cartify
React · Tailwind · Clerk

- HireHub: job portal with Clerk sign-in, listings and a post-a-job flow. Cartify: responsive e-commerce frontend with a cart. Both live on Vercel.

EDUCATION

BS Software Engineering — University of Agriculture Faisalabad — 2023 – present
CGPA 3.52 / 4.0

CERTIFICATIONS

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate — Oracle University — 2025
Career Essentials in Software Development — Microsoft & LinkedIn Learning — Mar 2025
